CITY MAIL DELIVERY CAN BE SECURED IN PAHOKEE THROUGH UNITED EFFORT

Since his return from the Navy, Ed Jensen, Pahokee's postmaster, has had many inquiries in regard to establishment of city mail delivery in Pahokee. Requirements for such a service are as follows: City delivery service may be established at any city having postal receipts of at least \$10,000.00 for the preceding fiscal year and having a population of 2,500 or more residing within territory possessing good and continuous sidewalks, paved streets, house numbers, street lights, and signs, and mail receptacles or door slots. The territory must also be 50 percent improved, with houses.

Pahokee's gross receipts for the past fiscal year ran close to \$19,000 which is almost double the requirement. About three years ago the Lions Club became interested and city officials and progressive citizens succeeded in getting the streets named and houses numbered. Some of the street signs were put up at the time but most of them are illegible or gone today.

Postmaster Jensen believes that another attempt should be made to secure city mail delivery for Pahokee. He is of the opinion that such an attempt will necessarily have to have a great deal of co-operation on the part of all concerned to make the move successful. Mr. Jensen says that he doubts if Pahokee could meet the requirements at present as to good continuous sidewalks, paved streets, street lights, signs or mail receptacles.

In commenting on the city delivery service Mr. Jensen said: "I would like to invite all interested persons, including city officials and civic clubs to get in touch with me with a view to working out plans to comply with the above requirements so that we may be able to enjoy the benefits of city delivery to which the size of the city and the volume of business done by the post office entitles us."

On air mail service Mr. Jensen had the following to say: "I also want to comment on our new air mail rate of 5c per ounce which went into effect the first of this month. Although there has been a bit of publicity on this large number of mailers continue to put 8c on their letters, indicating that a large percentage of the public is not yet aware of the cheaper rate. The new 5c air mail rate applies to all air mail in the continental United States, and to or from or between Canada, Mexico, and all territories and possessions, and protectorates of the United States. It also applies to mail addressed in care of an A. P. O. or F. P. O. overseas, where the former rate was 6c per half ounce or fraction thereof."

Mrs. David G. Shupe of Mountain City, Tenn., has arrived here to spend the season with her daughters, Mrs. Paul A. Riddell and Mrs. Howell Tanner.

Bean Pickers Will Be Paid By Lb. In New Picking Set-Up

Under terms of a new agreement by growers in the Lake Region, bean pickers will be paid by the pound in the future for the beans they pick. Heretofore, pickers have been paid by the hamper (slack or full) and luggers have totes the beans from the spot where the hamper was filled to the end of the row. According to the new plan the pickers will tote the hampers to the end of the row where the weighing process will take place.

The new plan was agreed at a meeting in the Glades Monday night when the weighing process was born, that a price of 50c for picking flats would be base pay.

Assistant County Agent H. L. Speer acted as chairman of the meeting Monday night when the new plans for picking were made. The agent said yesterday that the early bean crop will hit the 22,000 acre mark. He also pointed out that the Glades area now has 28 celery growers despite the fact that two of the largest in the area—VanLandingham Brothers and T. W. Knight—quit the celery deal last spring. Roscelle Wilson also gave up the idea of growing celery again this year.

Growers this week in discussing the new picking plan were of the opinion that picking by weight and having each picker carry his own hamper to the end of the row, would reduce harvesting costs around 10 to 15 percent.

Just how long the new plan will continue in force was a matter of conjecture this week. Monday night the growers were unanimous in OKing the plan. What the future will bring is a question.

Four More Trucks Bought For Glades Road Department

Palm Beach county commissioners on Monday of this week purchased 10 dump trucks for use in road building in the county. Three International trucks were purchased from Faircloth Truck and Tractor Company and 7 Fords were bought from Barco Motors in West Palm Beach.

Out of the ten trucks four will be brought to the Everglades district by County Commissioner Paul Rardin. Last summer four new trucks were purchased by the board for this district.

Wilbur Roberts of Miami was guest of her sister, Mrs. R. E. Rappi, and family here this week.

RECENT OPERATIONS

By Paul Rardin

I haven't heard any reports lately on progress of the new swimming pool planned for Pahokee. Just as soon as I have something definite, I'll let you know about it.

The outlook for new state roads and improvements of existing state roads is much brighter than any time in the past couple of years. State road board members have at long last begun to realize the importance of this area and the lack of necessary roads.

I'm wondering if members of the Western Palm Beach County Hospital District Board are looking forward to the day when the lease will expire on the building now occupied by the Everglades Memorial hospital. Less than two years remain in which to raise funds and build a new hospital. It's a man-sized job but this area must not come as close to losing the hospital as it did a few short weeks ago.

State Senator Edwin G. Fraser of Macclenny will be the state's new comptroller Jan. 7, 1947. He is a prince of a chap—32 years old. In 1937 he was the youngest member of the House of Representatives. At that time he was an alert member of the body and gave promise of going places in state politics. Through the years he has lost no time in gaining state-wide prestige as a member of the state senate and now within a few weeks he will become the state's youngest major office holder.

A friend of mine said that the recent pork shortage sure had made it tough on his chicken salad sandwich sales.

Annual Halloween Party Is Planned

Mrs. Homer Barnes, general chairman, called a meeting of school room mothers at the Pahokee high school Wednesday afternoon to make plans for the big Halloween party for Pahokee and Canal Point school children on Thursday night, Oct. 31, at 7:30 p. m. The party is being sponsored by the Pahokee PTA in co-operation with the Canal Point PTA and local civic organizations. Arrangements were made to entertain 1,200 children at the party. The children will be separated into grade groups with room mothers to act as hostesses. Parties for children of grades one to six inclusive will be held on Lair Field; for seventh graders, at the Lions Hall; for eighth graders, the Woman's Club building; and for the senior high school students, the gymnasium. Feature of the party will be big Halloween parade led by the Pahokee High School Band.

Mrs. J. S. Gresham was named chairman in charge of refreshments; Mrs. L. G. Alderman, refreshments co-chairman; Mrs. Jess M. Elliott, chairman in charge of the parade, judging and awards; Dave W. Cunningham was again appointed treasurer of the party.

CO. BOARD ASKS SRD TO PUT NEW PAHOKEE-BELLE GLADE ROAD IN NO. 1 SPOT

Rardin Presents Veterans' Budget Request To Board

Approval of the \$23,000 proposed new budget of the Veterans' Service Committee was asked of the County Commission by American Legion Post 90 of Pahokee in a resolution submitted Monday morning by County Commissioner Paul Rardin.

The commission, required by a statute to use not more than \$20,000 for its veterans' program, voted to wait on a report from the Veterans' Service Committee budget group before taking action.

The budget group is studying means of trimming its requirements. Otherwise the commission may have to remove its veterans' service from the State program and administer it as a county activity entirely.

The Pahokee Legion's resolution asks approval of the expanded budget in order that a new white service bureau may be opened in Belle Glade and a negro officer appointed for the Everglades area. A service office in Pahokee has been operating in an excellent manner under the county set-up.

New Hospital Ready By First Of The Year

Reception of patients at the new county tuberculosis hospital by early January was foreseen by the County Commission this morning as it accepted bids for equipping the laundry and sewage disposal facilities of the sanatorium.

Laundry machinery will be bought from the U. S. Hoffman Machinery Co. of New York for \$6,958, and is to be installed by Jan. 1. Cleary Bros Construction Co., city, was awarded a contract to build the sewage system for \$14,694.50, the local company having submitted the only bid.

Since no bid was entered for kitchen equipment, the commission authorized John L. Volk, architect, to search for machinery which could be purchased and installed by Jan. 1.

Library Receives \$180 From Chest Fund

On Monday of this week Mrs. W. J. Larrimore, city librarian, was handed a check from the Pahokee-Canal Point Community Chest in the amount of \$180. Mrs. Larrimore deposited the check and said that the money would be used to buy new books for the city library. The check came as the library's proportionate share of the 1946 community chest drive.

The board of county commissioners of Palm Beach county on Monday of this week, by resolution presented by Paul Rardin, asked the State Road Department to make construction of a new road between Pahokee and Belle Glade the department's No. 1 project in the county in its 1947 budget. The resolution was adopted unanimously by the board after Rardin pointed out that a new road connecting the two towns is imperative if this area is to maintain its rightful place in production and marketing of agricultural products.

Following unanimous vote by members of the county board, Rardin asked for the privilege of presenting the resolution in person to the state road board in a regular meeting to be held next Monday in West Palm Beach. The county board members voted Rardin this privilege.

The Glades commissioner returned from Tallahassee last week where he was in conference with Elgin Bayless, chairman of the state road board, in regard to other vital roads in the Lake Region. Mr. Bayless said that construction would start immediately on the road from Chosen out to the government dike. This work is being started this week by Brinson Construction company.

Bids will be received in November, Rardin was informed, on rebuilding the six miles of road between Belle Glade and Six Mile Bridge. Six inches of limestone will be added when the road is rebuilt and shoulders will be built of native rock to be taken from a pit the state has purchased from VanLandingham Brothers between Belle Glade and Six Mile Bridge.

A stretch of "experimental" road will be built between South Bay and Geerworth, the state road board head said. "Two or more types of construction will be used in this experiment on the muck," Mr. Bayless said, "but it will not be a rock to rock construction job."

Busy Season Ahead

The old Palm Beach County slogan, "Where Summer Spends the Winter" may have to be revised.

In years past it has done yeoman service in luring winter visitors to this county. It did well enough in the days when most of our activity was confined to the winter months. What we need now is a slogan to convey the idea that business is going on here all the year round.

Apparently a new day is dawning, especially for the county's varied agricultural industry. No longer are tillers of the soil compelled to rely on a few vegetable crops, grown during the winter months, and subject to the vagaries of Northern markets.

Announcement of the Florida Food Products Corp., that it plans to operate on a year around basis at Belle Glade is one of the encouraging signs of the times. The corporation's huge canning and deep-freeze plant, we are told, doesn't intend to pay much attention to seasons.

If it isn't planting the various types of vegetables produced in that region it will be putting them through the deep freeze process. And when vegetables aren't available such items as frog legs, shrimp, fish and possibly meat will keep the plant going.

This prospect opens an entirely new vista for the Glades vegetable grower, that may do more to take the gamble out of his business than anything that has ever happened.

E. H. Borchart, the live-wire Belle Glade grower and shipper who had the vision to see the possibilities of a big-scale deep-freeze plant there and ability to make it a reality, has earned the gratitude of the entire county.

In the production of ramie, tropical fruits, beef cattle and sweet potatoes for starch Palm Beach County has other agricultural possibilities that promise to make the good old summer time a busy season on the farm.

If this thing keeps up the time may come when our farmers may no longer be able to spend their summers in the mountains or at shore resorts. Instead of operating a part-time food factory, the chances are they will be running full blast nearly all the year. What that would mean to the county's economy needs no comment from us.—Palm Beach Post.

Pahokee Baptists Plan Week's Service

Because of the many favorable expressions relative to the sermon preached last Sunday night by the pastor of the First Baptist Church of Pahokee, Rev. C. A. Moberg, the subject "Why Southern Baptists are not affiliated with the Federal Council of Churches," will be continued. For those who did not attend, a short review will be presented. The Pahokee Baptist Musical Family of some fifty, choir, orchestra and quartets will augment the "Illuminated Cross Meditation Sing."

At the morning hour of eleven, the pastor will preach an illustrated sermon on "The Rapture of the Saints." The ladies quartet will sing "Christ Returneth." The pastor uses this medium of respectfully requesting that all the members of the church and friends make a special effort to attend the Sunday School at 9:45 that three hundred at least shall be the attendance joy. This is not a rally

just a request. O. O. Gilbert is the superintendent. Under the leadership of Mrs. W. M. DuBose, Training Union Director, six unions meet each Sunday night at 6:30, with an average attendance of one hundred. The members and friends of the church are most cordially invited to attend. The age groups range from the story-hour through the junior, intermediate, young people and adult. The assembly period at the opening conducted in the church auditorium by the director is one most inspiring and well worth attending.

Most gratifying to the pastor and church is the large increase in attendance at the Wednesday night prayer service, which begins at 7:30 and continues for forty five minutes. Several months ago the prayer box was instituted. This has proven such a blessing that of necessity a much larger one will be used beginning this Wednesday. Following the prayer meeting, a rehearsal by the orchestra is entered into for forty five minutes. A new electric stove was installed in the kitchen last week, much to

the surprise and joy of all. The building of the cabinets will be entered into shortly, thanks to the delivery of the material.

BPWC Members Are Guests Of Lions

Members of the Everglades Business and Professional Woman's Club were guests of honor and presented the program at the Tuesday luncheon meeting of the Pahokee Lions Club.

L. J. Fraser, program chairman, introduced Tommie Lee DuBose, B&PWC president, who thanked the club for its invitation and outlined the group's program in observance of B&PWC Week, Oct. 13-19. Clark Hull gave a review of the history of the local B&PWC Club, which was organized in 1933. In keeping with the group's "know your town" theme for the year, Alma Farrow conducted a quiz on Pahokee with J. M. Elliott receiving first place and Jimmy Wilson, second, in number of Questions answered correctly.

Rev. William T. Blair, A. Q. Howell and Harold Wilkinson were welcomed as new members of the Lions Club by E. A. Jensen, vice president.

B&PWC guests of honor included Rethelle Dobrow, Cleo Douthitt, Phara Mock, Barbara McNamara, Sarah Thomas, Nola Dragon, Clark Hull, Tommie Lee DuBose, Izetta Kautz, Alma Farrow and Lucille Williams. James Latham was the guest of Harry Fremd, student member. Other visitors were Don Hall, Emmett Hall, Lamar Allen and Harold Sprayley, West Palm Beach; C. A. Browning, Belle Glade; Jim Stafford, Lake Worth and J. Palmer, Wauchula.

PTA In Pahokee Driving For 600

Dear Friends:

Thanks to the fine spirit of co-operation on the part of our newspapers, I am herewith enabled to communicate with you relative to our Pahokee Parent-Teachers Association. Please let me urge you to become a member. It costs but 50c a year, an investment that pays many dividends to the school, church, home and community in general. Messrs. Elmer Jones, Membership Chairman and Duncan Padgett, Welfare Chairman report a little over 400 enlisted, some 200 short of our goal. We solicit your membership not for the purpose of reaching the goal, but because the P. T. A. needs your ideas, interest, zest, strength, support and cooperation. The P. T. A. needs You whether you are a mother, father, teacher or any civic minded adult.

Children's needs won't wait. It doesn't take long to grow up. And growing up under undesirable conditions means tragedy to the child and loss to the nation. By joining forces with others who care about what happens to the rising generation of Americans You can help to overcome these unwholesome influences.

The year 1947, which P. T. A. year is now under way, will mark its fiftieth anniversary. The present national membership is 3,910,106 of whom over 1,000,000 are men. Our anniversary goal is 5,000,000. We trust You will be one of this large army, leading our youth in the ways of the finest system of government anywhere, a government "of the people, by the people and for the people, Under God."

As President of the Pahokee P. T. A., I personally solicit your membership for I need You.

Thank you for your every consideration of this need.

Sincerely,
C. A. Moberg.

Mr. and Mrs. James H. Wilson had as guests Monday Mrs. R. M. Hare, Jr., and daughter of Clewiston.

From where I sit... by Joe Marsh

Want a Vacation from Marriage?

Alvin Blake went south on his vacation, for some fishing, and left his Missus to enjoy a vacation from the corn-cob pipe, clothes in a heap, and solos on the harmonica.

First few days, Martha enjoyed it—house neat and quiet, top back on the toothpaste, no morning mess from Alvin's midnight snacks (Al's partial to a bit of cheese and beer at bedtime).

Come the end of the week, she began to fidget; couldn't even read the *Clarion*, it looked so unmissed; didn't have any appetite with no-

body to cook for. She was about to wire Al when he barges home a week ahead of time, and she almost cries for gratitude. ("Felt the same way myself," says Al.)

From where I sit, those differences of habit and opinion—whether they have to do with corn-cob pipes, a glass of beer, or playing the harmonica, seem mighty trivial when you're separated. And they are, too!

Blue Devils Go To Delray Tonite To Vie With Seahawks

The undefeated Pahokee Blue Devils, with two wins and one scoreless tie to their credit, will make their fourth bid for victory in an intra-county game with Delray Beach Seahawks at Delray tonight.

The Blue Devils came through their scoreless tie with the Palm Beach Wilcats last Friday night in good shape and, physically, are in good condition for tonight's contest. Coach Clyde Alley had no complaint about the defensive work of his team in the Palm Beach game but he judged the Blue Devils much to sluggish in their offensive plays and has been working this week at practice sessions trying to step up their driving power.

Against the Wildcats, Pahokee dominated the play and threatened to score in the first half but the second half was a much different story. At the start of the second half the Wildcats booted a short kick to the Pahokee 35 and the befuddled Blue Devils, hovering over the ball much like a mother hen protecting a lone chick, allowed the Wildcats to race down the field and pounce on the free ball. This bonehead play made the Pahokee lads disgusted with themselves and consequently they lost their fighting spirit and spent the remainder of the half defending their goal line which, in spite of everything, they did successfully.

Local fans will be pleased to learn that at future home games there will be twice as many bleacher seats as there were at the first home game. Pahokee and Belle Glades High Schools are cooperating in the loan of each other's seats at home games.

Vet Training Planned For Glades Soon

Veterans' on-the-job-training schools in agriculture will be established soon at Pahokee and Belle Glade, Carmen Salvatore, Pahokee representative on the County School Board said last week.

Salvatore reported he had secured final approval of the program from H. E. Wood, State supervisor of vocational agriculture at a recent conference. Wood agreed to allow the county teachers of vocational agriculture in the two Everglades cities to hold night classes.

Veterans' Administration and State Board of Education approval of the county proposed had been obtained previously.

L. L. Stuckey, chairman of the Florida vegetable committee, will go to Jacksonville next Tuesday where he will attend a meeting of the agricultural committee of the state chamber of commerce.

Jensen Says Job Is Open At Post Office

Ed Jensen, postmaster in Pahokee, said yesterday that the clerical complement in the Pahokee office has been increased from four to five regular clerks, and that there is an opening for one regular clerk. Only veterans will be considered for this position, and appointment will be made subject to a Civil Service Examination to be held at a later date.

This position pays a starting salary of \$2,100.00 per year, with a \$100 raise each year providing satisfactory service has been rendered, and goes to a maximum of \$3,000.00 per year in a second class office. A regular clerk is eligible for retirement benefits, and earns a three weeks vacation with pay and ten days sick leave per year.

At least one temporary substitute clerk will be needed for the Christmas mails, and will be employed from about the first of December until the first of the year. This work pays \$1.04 per hour. A veteran will be preferred for this appointment, but a non-veteran will be used if no veteran is available.

Charles J. Lavvorn Is Now Cashier Of First Bank Clewiston

At a meeting of the board of directors of the First Bank of Clewiston on Thursday night of last week Charles J. Lavvorn, assistant cashier of the bank for the past sixteen months, was elected cashier to succeed Elbert L. Stewart who has held this position since the organization of the bank in the early '20s.

Mr. Stewart will continue his same active affiliation with the bank as executive vice-president and states that he anticipates no great change in his duties or those of Mr. Lavvorn as a result of the change.

Mr. Lavvorn came to the bank early in July of 1945 to succeed Miss Frances Morgan as assistant cashier after eleven years employment with the United States Sugar Corporation in the payroll department. Prior to that time he served as editor of the Clewiston News, coming here from Sebring in 1931 to take that position.—Clewiston News.

CHURCH OF CHRIST SCIENTIST

"DOCTRINE OF ATONEMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, October 20.

The Golden Text is: "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Cor. 5:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me. And looking upon Jesus as he walked, he saith, Behold the Lamb of God!" (John 1:15,36).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus experienced few of the pleasures of the physical senses, but his sufferings were the fruits of other people's sins, not of his own. The eternal Christ, his spiritual selfhood, never suffered. Jesus mapped out the path for others. He unveiled the Christ, the spiritual idea of divine Love" (p. 38:21-26).

"SERVING THE GLADES"

Cinematic Chatter

By Malcolm Millar

Scanning the entertainment schedule for the coming week at the Prince Theatre I think it is going to be one of the best all-around weeks of entertainment that has been shown locally in some time.

Sunday-Monday really brings a super special program, kicking off with Roy Acuff and his Smoky Mountain Boys in "Night Train to Memphis." This one is said to be jammed with music, wise cracks and hilarity, designed to please all types of cinematic fans. So, with that to go on I am sure you "take 'er in."

On the same program comes a picture that will engrave on your memory the name and exploits of a man who has gone down in history as one of the greatest men to ever head a nation and whose passing was mourned by all peoples throughout the world. This picture is "Roosevelt, Man of Destiny." It starts with Mr. Roosevelt taking office in 1933, and brings us down to his death. It

shows some of the meetings of the "Big Three" and has the news-reel shots of the funeral and burial as its climax. It is truly a biographical sketch that you will not want to miss.

Also on the lighter side of the program comes a cartoon featurette under the title "Tiny Terrors of Timberland", which will be a delight to everyone, old or young.

As a fitting close to this program you will be sent home chuckling over the antics of the "actors" in a cartoon laffette under the title "Crow Crazy."

Tuesday-Wednesday there is a double feature with "That Night with you" as the opener, starring Franchot Tone and Sussana Foster and featuring David Bruce, Louise Albritton and Buster Keaton, with many other well known players lending their talents to make this a fine show. This is a comedy that will prove fine "theatre" for all types of fans.

Second picture up is the lovely Ann Southern star of the "Mazie" series, offering her latest and one of her laughingest pictures, "Up Goes Mazie." In this picture you will find a car load of laughs to make your night a memorable one. Thursday-Friday brings romantic Cornel Wilde with Anita Louise as his leading lady and a huge cast of carefully selected players, in the delightfully romantic and adventuresome story "The Bandit of Sherwood Forest", which contains enough thrills to raise the hair on the heads of even the "toughed." Don't you dare to miss this one.

Arriving at Saturday we find another double feature with "Sunset" Carson leading off the excitement with his Western thriller "Oregon Trail." Here you will get all of the action one could look for in a Western pix.

On the same program comes an enjoyable comedy under the title "Talk About a Lady", with Jinx Falkenburg and Forrest Tucker, assisted by Joe Besser and Stan Kenton and his Orchestra swinging through a romantic musical that will keep your feet patting the floor.

See you at the movies—Mal.

AOM 2-c and Mrs. W. A. Cross, Jr., and daughter are visiting relatives in Pahokee while he is on a 15-day leave from the Banana River Base.

Among those from Pahokee who attended the Methodist Miami District meeting in Davie last Thursday were T. L. Burns, Dr. W. H. Lair and Rev. C. T. Howes.

PAHOKEE MEN'S BIBLE CLASS

Membership Vice President Thurmond Knight and his group captains showed evidence of activity last week if the fine increase in attendance Sunday morning, Pahokee Men's Bible Class was a criterion. It is hoped that an enrollment of two hundred with an aver-

age attendance of one hundred during the season will be realized.

Greeters Henry Barwick and Al Belcher were nominated by Fellowship Vice President Claude Shirley to serve this Sunday. The class quartet with Rev. Moberg at the piano will present its regularly looked for program of two selec-

tions. Continuing the special series of lessons on the subject of the personality of Paul, the teacher will present "Paul Trains for His Lifework." A most cordial invitation is extended to all unaffiliated men of this area and visitors. The class meets each Sunday at 9:45 in Fellowship Hall.

BIG AS A HOUSE

The Florida East Coast Railway's luxury coaches, now operating on many trains, are 85 feet long, 10 feet wide, 13 1/2 feet high, contain more cubic feet of space than the average five-room house.

NO OTHER FORM OF TRANSPORTATION affords the spacious comfort that is yours aboard a train. Instead of remaining cramped in one seat throughout your journey, you have room to stand up and move about as readily as in your own home.

On many trains you can stroll into a delightful tavern-lounge for further relaxation. There's a diner waiting a few cars away when you get hungry. Clean, smartly equipped washrooms are available at all times for your comfort and convenience.

The Florida East Coast Railway now offers six fine, smooth-riding, Diesel-powered trains daily, in each direction, providing convenient service to local and distant destinations at low fares. You will enjoy their roomy comfort, arrive rested and refreshed, ready for business or pleasure, whichever it may be.
